

You might be familiar with ring sizes based on inner circumference. This is the standard sizing system used in the EU.

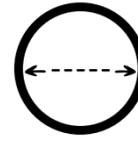

Inner circumference (mm)

This column converts EU ring sizes (inner circumference) to the corresponding inner diameter.

Inner diameter (mm)

At BOKIKIBA, each ring is handmade. Therefore, rings are sold in size intervals, as slight variations can occur within this range. All BOKIKIBA sizes are measured by inner diameter.

Inner diameter (mm)

44,0	13,7
44,0	14,0
45,0	14,3
46,0	14,6
47,0	15,0
48,0	15,3
49,0	15,6
50,0	15,9
51,0	16,2
52,0	16,6
53,0	16,9
